MEMORANDUM

To MAYOR AND MEMBERS OF COUNCIL

From Bruce B. Wilkinson

Property Agent

Dept. _____

November 24, 1976

LADIES & GENTLEMEN:

SUBJECT:

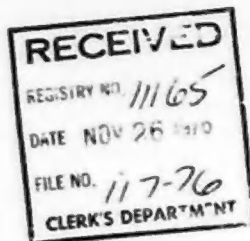

Streetsville Senior Citizens Housing and
Drop In Centre - Arch Property
Lot 48 and Part 47 STR.-2
85 William Street and Fairfield Development
Corporation Limited Property
Part Lot 47 Plan STR.-2
11 Ontario Street

ORIGIN:

Resolution No. 665 - November 8, 1976

COMMENTS:

Pursuant to Council's instructions, we have contacted the owner of 85 William Street (all of Lot 48 and Part Lot 47 STR.-2). The property has frontage of about 76' on Ontario Street and a flankage on William Street of about 119'. An old house is located on the property but it is felt that this house does not contribute appreciably to the value of the land. The owner informed us that the price for the property was \$45,000.00, and he would be willing to discuss the purchase of it by the City.

The owner of 11 Ontario Street (Part Lot 47, STR.-2) informed us that he was prepared to sell the property to the City for the amount paid for it in June 1974, that is, \$63,500.00. This property has a frontage of about 40' on Ontario Street and a depth of about 119'. There is a house on the lot that is presently tenant occupied. The owner has indicated that he would be prepared to complete the conveyance within the next few weeks on an all cash basis; however, he would consider postponing closing for a month or two provided a substantial deposit, say of \$15,000.00 was made under an Agreement of Purchase and Sale.

4(a)

For Council's information a sketch is attached hereto indicating the two properties.

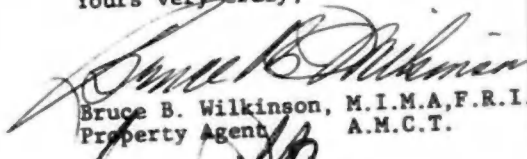

It is felt that the suggested price of \$45,000.00 for 85 William Street is reasonable. It is also felt that in so far as 11 Ontario Street is concerned that if the property were expropriated, it is unlikely that the courts would award less than the owner paid for it two years ago.

RECOMMENDATION:

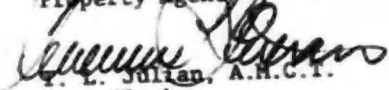

That the City Property Agent be authorized to proceed with the purchase of the properties known as 85 William Street and 11 Ontario Street.

Yours very truly,

Prepared by:

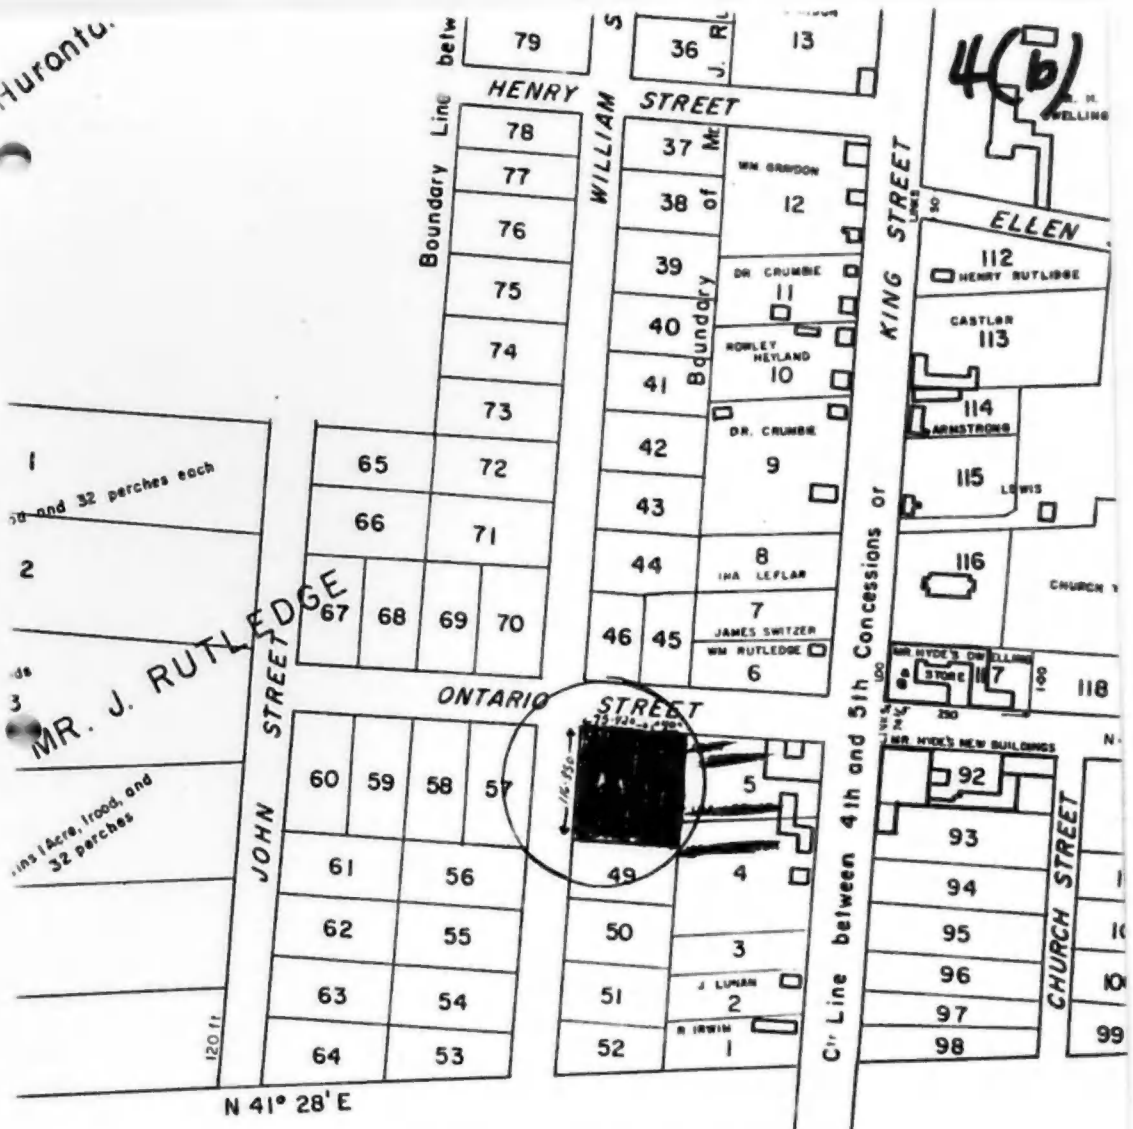

Bruce B. Wilkinson, M.I.M.A., F.R.I.
Property Agent A.M.C.T.

To Mayor and Members of General
Dept. Committee

From William P. Taylor, P.Eng.
Commissioner,
Engineering, Works and Building
Dept. _____

November 29, 1976

SUBJECT: Streetlight Maintenance Program

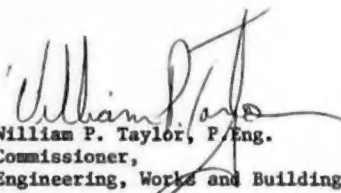

SOURCE: Letter from Mr. B. Fleming - Hydro Mississauga dated
November 26, 1976

COMMENTS:

1. On November 24, 1976 the City received a tax rebate of \$18,467.21 for purchases of streetlighting materials.
2. This rebate has been credited to the Streetlight Maintenance Account.
3. Confirmation of this credit has been sent to Mr. D. Lee of Hydro Mississauga.

CONCLUSION: 1. Hydro Mississauga has sufficient funds to complete the
1976 Streetlight Maintenance Program.

RECOMMENDATIONS: That the report of the Commissioner of Engineering, Works
and Building Department dated November 29, 1976 with respect
to Streetlight Maintenance Program be received.

OFFICE OF THE MANAGER

November 26, 1976

Mayor M.L. Dobkin,
City of Mississauga,
1 City Centre Drive,
MISSISSAUGA, Ontario.

Dear Mr. Mayor:

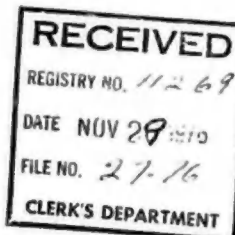

Pursuant to our recent discussion respecting the street lighting maintenance budget, find attached a memo to me from our Manager of Engineering, Doug Lee. However, since our discussion, Doug Ray of the City Works Department advised Doug Lee that he could make available sufficient funds to support the street lighting maintenance program to the end of December, 1976. Upon receipt of written confirmation to this effect, we will proceed immediately to bring the lighting up to standard.

Call me if you think I can be of further assistance.

Yours very truly,

3(b)

MEMORANDUM TO : B. D. FLEMING
FROM : D. LEE
DATE : NOVEMBER 24, 1976
RE : STREET LIGHT MAINTENANCE

Further to our telephone conversation of yesterday afternoon, the position on street lighting energy and maintenance costs is as follows :

Energy cost to October 31	\$ 286,339
Maintenance cost to October 31	\$ 173,308
Relamping contract already awarded	\$ 20,281
Total spent and committed	\$ 479,928
City authorization for year 1976	\$ 573,000
Balance available for November, December, 1976	\$ 93,072
Estimated energy cost, November, December, 1976	\$ 65,700
Balance available for maintenance	\$ 27,372

Because the City authorization of \$573,000 was given to us as a maximum not to be exceeded, we have been cutting back on lamp replacements, etc., in November with the result that a considerable backlog has accumulated.

I estimate that if we are to try to catch up this backlog and to maintain an acceptable standard of repair and replacement in December, which, historically, has been a month of higher than average expenditure, we will need an increase in authorization of \$10,000 for maintenance purposes.
